Okay, I will drop a clean copy of the attached off for John's review now. Sorry for the delay, I had briefings put on my calendar.

Allison, this looked really good and thanks for putting the first draft together. I simply adjusted a few things – this program is weird and nuanced. Very impressed with all you captured accurately.

I understand the reg agenda will be popping next week. Let's work to finalize this statement this week. Can you send me your edits today ?

Kathy,

Thanks for chatting with me yesterday to catch me up on this effort. As we discussed, I drafted a desk statement using the rollout plan Antonio provided.

The goal of this desk statement is to provide OPA, OCIR, Regions and others with approved language to use to answer any inquiries about this effort either after the spring reg agenda comes out OR (if desired and approved by OPA/Dave) use immediately.

Please take a look and let me know if you have any questions/edits.

Once I get your ok (please make sure John G reviews too), I will run this by Dave and OPA and will check to see their preferences on timing (can we use this language or wait until the reg agenda comes out).

Thanks! -Allison

Here is our working draft of the Roll-Out plan for Assumable Waters.

Thanks to the team for their input.
